## Precautions for use

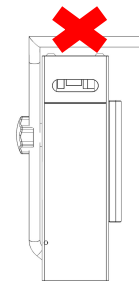

# Air Assist-Benutzerhandbuch

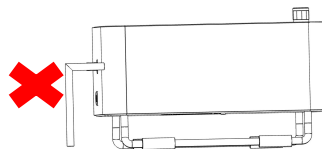

## Vorsichtsmaßnahmen für den Gebrauch

Achten Sie darauf, dass der Schlauch nicht an den Rädern hängen bleibt.

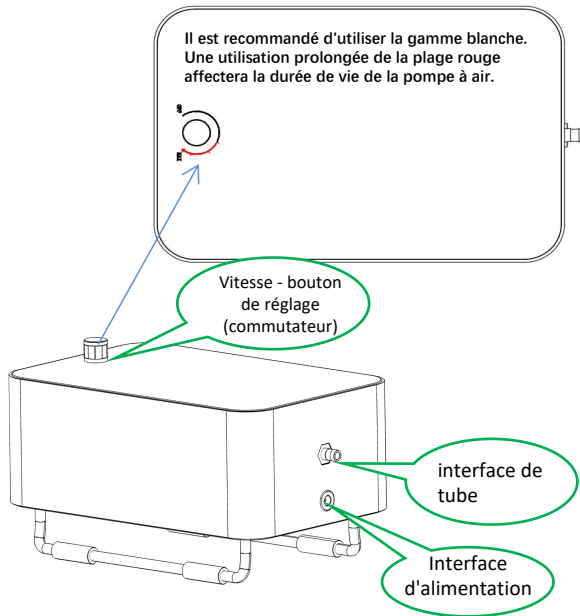

Bitte biegen Sie den Schlauch nicht zu stark, damit er blockiert wird.

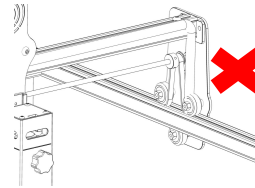

Bitte beachten Sie, dass der Schlauch nicht zu stark gebogen werden darf, damit er blockiert und die Pumpe durchbrennt.

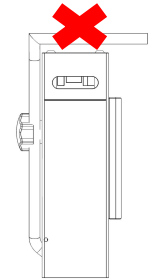

# Manuel d'utilisation de l'assistance aérienne

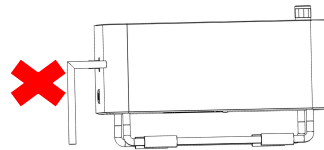

## Précautions d'emploi

Faites attention à ne pas coincer le tube par les roues.

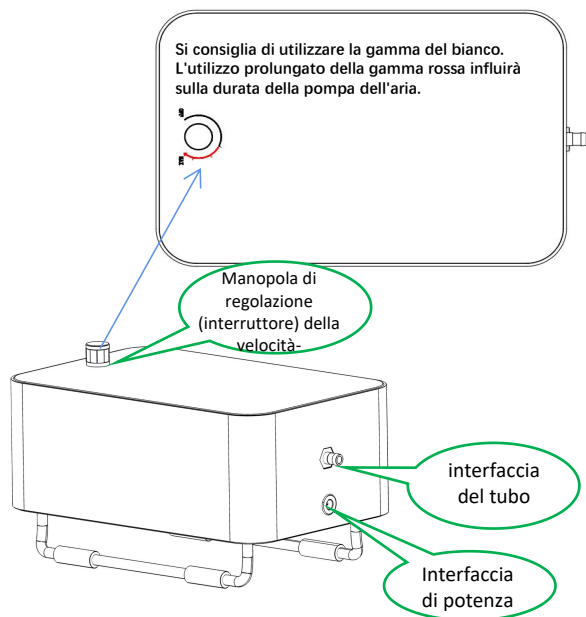

Veuillez ne pas trop plier le tube pour le bloquer.

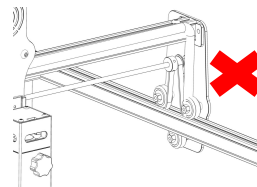

Veuillez noter que le tube ne peut pas être trop plié pour bloquer le tube, ce qui entraînerait la combustion de la pompe.

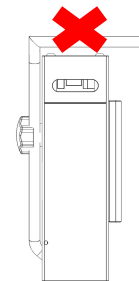

# Manuale utente Air Assist

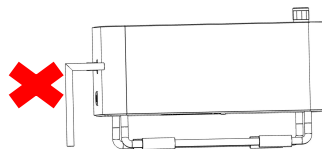

## Precauzioni per l'uso

Fare attenzione a non incastrare il tubo nelle ruote.

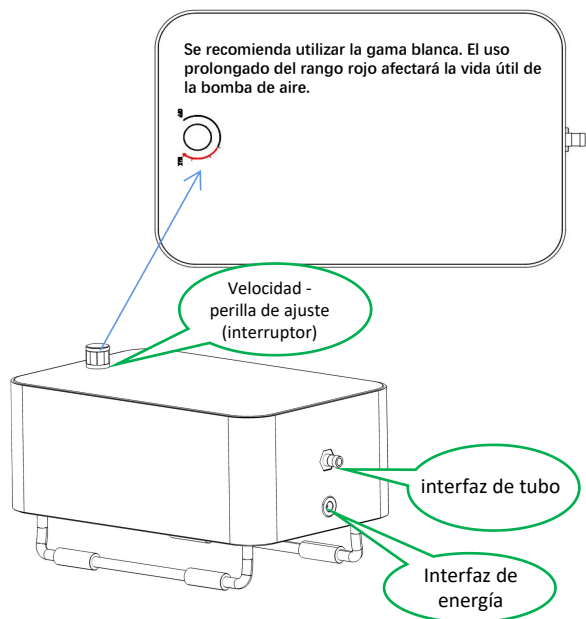

Si prega di non piegare troppo il tubo per bloccarlo.

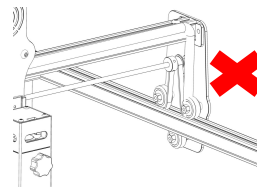

Si prega di tenere presente che il tubo non può essere piegato troppo per bloccarlo, causando la bruciatura della pompa.

## Precauciones de uso

Tenga cuidado de no enganchar la cámara con las ruedas.

No doble demasiado el tubo para bloquearlo.

Tenga en cuenta que el tubo no se puede doblar demasiado para bloquearlo, lo que provocaría que la bomba se quemara.
